## Highway of Death, 1991.

<https://rarehistoricalphotos.com/highway-death-in-pictures-1991/>

The attack began when [A-6 Intruder](#) attack jets of the [United States Marine Corps' 3rd Marine Aircraft Wing](#) blocked the head and tail of the [column](#) on Highway 80, bombing a massive vehicle column of mostly [Iraqi Regular Army](#) forces with [Mk-20 Rockeye II cluster bombs](#), effectively boxing in the Iraqi forces in an enormous traffic jam as the [turkey shoot](#) began in earnest, setting up targets for subsequent airstrikes. Over the next 10 hours, scores of U.S. Marine and [U.S. Air Force](#) aircraft and [U.S. Navy](#) pilots from [USS Ranger \(CV/CVA-61\)](#) attacked the convoy using a variety of weapons.
